

Bilal Noori

nooribil@msu.edu | (517) 402-1516 | [Linkedin](#) | [Portfolio](#) | Lansing, MI

EDUCATION

Michigan State University | College of Engineering

Bachelor of Science, Computer Science | Minor in Business

GPA: 3.4 / 4.00

East Lansing, MI

December 2026

TECHNICAL SKILLS

- Tools: Azure, Apache Spark (PySpark), Pandas, Power Platform, SQL Server, React, Oracle, MySQL
- Languages: Python, C++, JavaScript, SQL, HTML, CSS, C, Assembly
- Data Engineering: Change Data Capture, Real-time Streaming, Unit Testing, Pipeline Monitoring, Data Cataloging
- Certifications: Databricks Data Engineering, CodePath Leadership, Databricks Fundamentals

WORK EXPERIENCE

IT LDP Data Engineer Intern | Textron Inc | Providence, RI

June 2025 – Present

- Executed enterprise-scale migration from Azure Synapse Analytics to Databricks, transitioning from traditional MPP data warehouse to unified lakehouse architecture for enhanced data science and ML capabilities
- Implemented best practices in data governance, leading to substantial improvements in data integrity and compliance with industry standards

Administrator | MSU Broadening Participation | East Lansing, MI

September 2023 – Present

- Led K-12 outreach initiatives impacting over 20 students, including Technovation and Girls Who Code, targeting middle and high school students in historically underrepresented communities to foster interest in STEM fields

Tech Fellow | CodePath | San Francisco, CA (Remote)

January 2025 – April 2025

- Taught data structures and algorithms to 20-30 students across 5 cohorts, achieving 85% average improvement on technical assessments while demonstrating leadership in organizing and working with diverse groups
- Collaborated with leadership to refine course structure, impacting 900+ summer 2025 cohort students

Software Engineer Intern | AAA Life Insurance | Livonia, MI

June 2024 – August 2024

- Engineered Python script with REST APIs to extract UiPath Orchestrator automation performance data, reducing data collection time by 75% while processing 200+ daily records using software development principles
- Built PowerBI dashboard displaying automation ROI metrics across business units, performing data analysis and generating reports to support decision-making while eliminating 85% of manual Excel-based reporting

Project Manager Intern, Salesforce | AAA Life Insurance | Livonia, MI

May 2024 – June 2024

- Led daily stand-ups, sprint planning, and retrospectives resulting in reduced call selector slowness by 75% on the Salesforce platform and boosted task completion rates through agile process improvements

PROJECT EXPERIENCE

Data Warehouse & Analytics | Developer | [GitHub](#)

May 2025

- Architected end-to-end data warehouse using medallion architecture to consolidate multi-source CSV data into SQL Server
- Designed dimensional data models and developed automated ETL pipelines with data cleansing, validation, and star schema views optimized for analytics

Microsoft x AAA Life Insurance | Team Lead, Developer

August 2024

- Led team to win Microsoft x AAA hackathon building AI-powered enterprise search tool, decreasing retrieval time by 90%
- Integrated solution into Microsoft Teams, collaborating with cross-functional teams to understand business requirements and enable 900+ employees to search company documents within their workflow

ACTIVITIES

MSU AI Club, Spartan Hackers, MSU Soccer Club, Ghana Coding Outreach, Special Olympics Unified Sports
