

Bilal Noori

nooribil@msu.edu | (517) 402-1516 | [Linkedin](#) | [Portfolio](#) | Lansing, MI

EDUCATION

Michigan State University | College of Engineering

Bachelor of Science, Computer Science | Minor in Business

GPA 3.4/4.00

East Lansing, MI

December 2026 (Expected)

Certifications: Databricks Data Engineering, CodePath Leadership, Databricks Fundamentals

TECHNICAL SKILLS

- Data Engineering: ETL/ELT Pipelines, DBT, Apache Spark (PySpark), SQL Server, Airflow, DBeaver, Delta Lake
- Development Tools: Azure, Jira, Swagger UI, Pandas, Power Platform, React, Docker, Git/GitHub
- Languages: Python, C++, JavaScript, SQL, HTML, CSS, C, Assembly

WORK EXPERIENCE

IT LDP Data Engineer Intern | Textron Inc | Providence, RI

June 2025 – Present

- Executed enterprise-scale migration from Azure Synapse to Databricks, rebuilding 20+ production pipelines with liquid clustering and partition optimization that improved query performance by 70%
- Developed automated data validation framework with custom scripts, ensuring data integrity across data pipelines

Administrator | MSU Broadening Participation | East Lansing, MI

September 2023 – Present

- Spearheaded K-12 STEM outreach initiatives (Technovation, Girls Who Code) impacting 20+ students from underrepresented communities to increase technical interest

Tech Fellow | CodePath | San Francisco, CA (Remote)

January 2025 – April 2025

- Taught data structures and algorithms to 20-30 students across 5 cohorts, achieving 85% average improvement on technical assessments while demonstrating leadership in organizing and working with diverse groups

Software Engineer Intern | AAA Life Insurance | Livonia, MI

June 2024 – August 2024

- Engineered Python script with REST APIs to extract UiPath Orchestrator automation performance data, reducing data collection time by 75% while processing 200+ daily records
- Built PowerBI dashboard for automation ROI metrics, eliminating manual Excel reporting and enabling real-time decisions

Project Manager Intern, Salesforce | AAA Life Insurance | Livonia, MI

May 2024 – June 2024

- Led daily stand-ups, sprint planning, and retrospectives resulting in reduced call selector slowness by 75% on the Salesforce platform and boosted task completion rates through agile process improvements

PROJECTS

Data Warehouse & Analytics | Developer | [GitHub](#)

May 2025

- Architected end-to-end data warehouse using medallion architecture to consolidate multi-source CSV data into SQL Server
- Designed dimensional data models and developed automated ETL pipelines with data cleansing, validation, and star schema views optimized for analytics

Microsoft x AAA Life Insurance | Team Lead, Developer

August 2024

- Led team to win Microsoft x AAA hackathon by building AI search tool that decreased retrieval time by 90%
- Integrated solution into Microsoft Teams for 900+ employees to search company documents within their workflow

ACTIVITIES

MSU AI Club, Spartan Hackers, MSU Soccer Club, Ghana Coding Outreach, Special Olympics Unified Sports
